Dear CertainTeed Architectural Customer:

Due to increasing freight costs, CertainTeed Architectural will be increasing transportation surcharge to \$250 effective January 1, 2022. This surcharge will continue to be listed as 'transportation surcharge' on your invoice.

Per communication on June 8, 2020 the transportation surcharge will be indexed to the average of the CASS Truckload Linehaul Index in addition to the quarterly average Diesel Fuel Index. Given the current quarterly average CASS Truckload Linehaul Index of \$150 and the quarterly average Diesel Fuel Index of \$3.44, the transportation surcharge should be \$420 but we will only increase to \$250 at this time but will continue to monitor the situation.
