

June 1st, 2021

To: ITW Ramset Customers
Subject: June 2021 Ramset Clip Price Changes

ITW Commercial Construction North America (CCNA) has recently seen its component costs increase due to rising raw material costs for the Ramset clip product offering. CCNA works to mitigate and/or absorb cost fluctuations wherever possible. However, we will be implementing price changes. And given the immediacy and size of these increases, these price changes will take effect immediately. ITW CCNA takes pride in its domestic manufacturing capabilities as one of the few companies to manufacture and support jobs within the United States.

- On **Wednesday, June 2nd, 2021**, a price change will go into effect on specific Ramset clip products (list below with increases).
 - SDC100 - 1" PIN W/ANGLE CLIP **62% increase**
 - SDC125 - 1 1/4" PIN W/ANGLE CLIP **62% increase**
 - SDC125C - CEILING CLIP W 1 1/4" PIN **52% increase**
 - SPC78 - POWER POINT 7/8" CEILING CLIP **36% increase**
 - SPC114 - POWER POINT 1 1/4" CEILING CLP **36% increase**
 - 1202CF - ANGLE CLIP (NO PIN) **52% increase**
 - 34CLIP - AS CEILING CLIP W/3/4" PIN **36% increase**
- An ITW representative should be contacting you shortly with your new pricing for these skus. If you do not receive a price list by **June 2nd, 2021**, please email your Customer Service Representative directly and include "Request New Price List" in the subject line.
- Pricing goes into effect immediately. We will not be accepting any new orders at current pricing.

ITW CCNA recognizes and sincerely appreciates the value our distribution partners bring in delivering these solutions to those end customers. We look forward to our continued partnership and the opportunity to deliver American Manufactured value to customers together in the future.

Please contact your dedicated representative with any questions regarding this price change.

Thank you for your support,
ITW Commercial Construction North America
