

October 5, 2021

To Our Valued Customers,

As you are aware, we continue to see unprecedented volatility and change in our market created by short supply, constraints on transportation and increasing costs.

Henkel continues to work internally to minimize costs and maximize efficiencies; however, because of the severity of the factors listed above, we are in a position where we need to increase prices.

Effective December 8th, 2021, OSI, Loctite and GE sealant & adhesive prices will increase **7-15%**.

Please note, that due to the material shortages and allocation status on many of our products, pull ahead orders of any kind will not be permitted.

Thank you for your partnership and support. Henkel is committed to delivering the quality and value that you have come to expect, and we will work diligently through the market challenges with the goal of providing you the best service possible.

Sincerely,

A handwritten signature in black ink that reads "Matt Canning". The signature is stylized and includes a long horizontal stroke at the end.

Matt Canning

Vice President
