

Valued Customer,

As our world recovers from the Covid-19 Pandemic, supply chain concerns remain a daily fixture and subsequently, Suppliers and Manufacturers are having to make adjustments to their pre-Covid pricing structure(s) on products and materials. In the recent weeks we have received several price increase notifications across many of our product lines and in some cases we're able to absorb the increase (for a limited time), but most are significant enough that we have no choice but to follow suit.

Typically we prefer to give our customers at least a 30-day notice of any increases, however, we have not been afforded that opportunity this time around. **Effective immediately (01/05/21)**, price increases for the following brands/items will be implemented and reflected on orders/invoices going forward.

- **Strait-Flex:** 8% Increase on All Products
- **CertainTeed (NoCoat):** 7% Increase on All Products
- **Magnolia Brush:** 3% Increase on Select Products
- **Wiss Snips:** 3% Increase on All Styles
- **Wind-lock Blue Sanding Sponges:** 10% Increase on Z-Foam Block, Med/Fine & Double Slant, Fine
- **Wind-lock Red Sanding Sponges:** 5% Increase on Double Slant, Med/Fine & Small Z-Foam Med/Fine
- **3M:** W-3M66 Drywall Corner Bead Spray (Approx. 32% Increase)

If you have any questions regarding these increases, please feel free to contact your Sales Rep directly.

Thank you for your understanding, patience and support as we all navigate this Pandemic recovery as best we can; we wish you and your business success and prosperity in 2021 & beyond.

Regards,
-Team Wind-lock

**Price Change Percentages are Approximate and Subject to Change without Notice.*

At Wind-lock, we're more than just a leading building and contractor tool supplies distributor, we're a partner who's committed to helping your business by providing the highest quality tools and materials.
