July 30th, 2021

To Our Valued Customers:

Steel-Con is announcing an increase of a minimum of 10% on October 1st; in addition to the announced August and September increases, these increases reflect the continued rise in price from the domestic steel mills; if this trend continues, expect more to follow.

This increase will include steel framing, accessories and miscellaneous break metals.

Our sales department will be distributing new price sheets. Along with the price sheets your sales representative will be canceling all quotes that have not been identified as a Steel-Con job within the 30 days as stated at the bottom of your quote. All sales are subject to our Standard Terms and Conditions.

Again, thank you for your continued support. If you have any questions, please contact your sales representative at 407 438-1664.

Sincerely

Steel Construction Systems
