In response to continued escalation in raw material costs, Crane will be increasing its surcharge from 10% to 14% on all FRP and accessory products excluding Sanigrad and Adhesive. This increase will be effective with new orders placed for shipment on or after June 1, 2021. We will continue to monitor this situation closely and provide you periodic updates as to the direction of the surcharge.

Thank you for your continued business and support for Crane products. If you have any questions, please contact your local District Manager or Regional Manager.

Sincerely,

Matthew Shields
Vice President of Building Products
